Mission Statement:

“The mission of the Palliative Care Team at Jane Phillips Medical Center is to improve the quality of life for those patients and families admitted with a serious life-threatening or life-limiting illness. The Team is a multidisciplinary group of skilled professionals who provide compassionate care, focusing on patient-established goals. The Palliative Care Team will preserve the dignity of our patients and families and aggressively strive to alleviate their physical, spiritual, psychological, and social suffering.”

Criteria for referral:

- Any serious or life-threatening condition
- New diagnosis of life-limiting illness
- Difficult to control physical or emotional symptoms

The Palliative Care Team at Jane Phillips Medical Center consists of the following:

- Palliative Care Registered Nurse
- Social Worker
- Registered Dietitian
- Staff Nurse
- Attending Physician
- Clinical Nurse Specialist
- Patient Relations Associate
- Pastoral Care
- Pharmacist
- Other consults as necessary

The Palliative Care Team will work with the patient’s physician to optimize symptom control and promote the highest quality of life possible for the patient and family by utilizing evidence-based care guidelines.

After a referral is received, the Palliative Care Team will meet with the patient and family to assess their needs, establish the patient’s goals, and develop a plan of care based on the goals. The Team will collaborate with the attending physician to implement the care plan and educate the patient and family to the appropriate care options available to meet their goals.

“Life is pleasant, death is peaceful, it’s the transition that’s troublesome.”—by Sir Isaac Asimov
